Tuesday, September 17th, 2019

11:30 – 12:45 PM

Room: Science 411 (S411)

ExxonMobil is a leading developer and producer of oil and gas offshore Canada's East Coast

Please join ExxonMobil Geoscientists in discussing 2020 internship opportunities in St. John's, NL. An ExxonMobil geoscience internship offers an exciting opportunity to hone technical skills applicable to the petroleum industry and gain practical work experience with a leading international oil and gas company.

ExxonMobil will be accepting online applications for 2020 internship positions Sept 1 – Sept 22, 2019. Earth Sciences students enrolled in undergraduate, MSc. or PhD programs are encouraged to apply. Internships are 4 month positions based in St. John's, NL with flexible start dates depending on student availability.

Applications can be submitted online September 1 through September 22, 2019 at
careers.exxonmobil.com

Pizza will be served!
